Persistent ISR Mission

Identify And Orchestrate Development Of Technologies To Enable Persistent Battlespace Awareness Worldwide

- - Any Target, Any Time, Any Place

Approach

Identify Technologies

- **Air Combat Command and Special Operations Requirements**
- **Identify Viable Concepts That Meet User Requirements**
- **Determine Technologies Required For Vehicle Concepts**

Orchestrate Technology Development

- **Gauge Maturity And Prioritize Emerging Technologies including**
  Structural Conformal Antennas and Laminar Flow Wings
- **Develop Coordinated Roadmaps for Development Activities**
- **Advocate And Monitor Execution Of Activities**
- **Technologies To AF Prod**ucer**s And**
